Carousel Happenings

Does The Carousel ever slow down?
Not for a second!

New automatic doors leading into the hotel. All Food and Beverage areas have been **upgraded** with new paint, furniture, fixtures, flatware, glassware and most importantly - a new menu!

The Atrium Bistro also now carries pre-made to go items as well as **beer** and **wine**.

The Lobby has had a **makeover** as well.

Painted with classic cooler tones, new flat screen monitors at the front desk to inform you of all of the amenities and the addition of wonderful local coastal artwork.

The face of the building had some work done too! The parking lot was paved, sealed and re-stripped.

The small two bedroom units ending in **04, 05, 08, and 09** had work done on the oceanfront balcony cinder block privacy wall partitions.

The indoor pool has **brand new** furniture and a new pool deck installed.

Make sure to visit to see the rest of the improvements!
